

# Curriculum Vitae: Sissel Hansen

<b>Present position</b>	Senior Scientist, NORSØK
<b>Nationality, age</b>	Norwegian, born 1956, Female
<b>Address</b>	Gunnars veg 6, NO-6630 Tingvoll, Norway
<b>Telephone</b>	+47 901 31 782
<b>E-mail</b>	<a href="mailto:sissel.hansen@norsok.no">sissel.hansen@norsok.no</a>
<b>Languages</b>	Norwegian (mother tongue), English (fluent), German (fluent)

**Orcid number:** <https://orcid.org/0000-0003-1987-3576>

## Academic qualifications

2019 Professor competence (Forsker 1183 med professorkompetanse)

1993 Dr. Scientarium, Agricultural University of Norway. Thesis title: Agronomic and environmental effects of fertilization and soil compaction. Doctor Scientarium Theses 1993:2, Agricultural University of Norway, 96 pp

1981 MSc in agriculture, Agricultural University of Norway, Dept. of Soil Science. Thesis title: Steinmel i landbruket (Rock powder in agriculture).

## Key qualifications

Assessment and improvement of environmental sustainability in agriculture at farm level including greenhouse gas emissions, nutrient flows and - management, energy efficiency and soil management. The main impact is on nutrient dynamics within organic farming systems.

## Employment, post – Cand. Agric.:

2016 – present Senior Scientist at Norwegian Centre for Organic Agriculture (Norsøk)

1/7-31/12 2015 Senior Scientist at NIBIO

2006 – 2015 Researcher at Bioforsk – Organic Food and Farming Division.

2012 – 2013 Guest researcher at Institute of Organic Agriculture (FiBL), Switzerland (11 months).

2000 – 2002 & 2003 – 2005 Full- and part-time leaves of absence because of adoption.

1993 – 2006 Research scientist at the Norwegian Centre for Ecological Agriculture.

1988 – 1992 Research scholarship at Kvithamar Agricultural Research Station, Stjørdal, Norway.

1985 – 1987 Research manager of the project: Nutrition support and balance in alternative agriculture,

1982 – 1988 Manager of the first organic farming extension service in Norway (Midtnorsk Økoring).

1981 – 1982 Internship at the Research Institute of Organic Agriculture (FiBL), Switzerland (7 months).

## Project leader in ongoing national projects, WP-leader in international research projects

2020-2021 Behandling av fast organisk materiale for god gjødselkvalitet og reduserte utslipp av drivhusgasser (*National research fund for agriculture and food industry*)

2020-2021 Karbon til bondens beste, Klima- og miljøprogrammet (KMP), *Landbruksdirektoratet*

2017- 2020 Lead WP2 (Review of factors controlling N<sub>2</sub>O emission) in project “Improved estimation and mitigation of nitrous oxide emissions and soil carbon storage from crop residues (ResidueGas)” (*Era-Gas Project*)

## Participating in other ongoing research projects

Peat inversion for reducing GHG emissions from farmed organic soils; Local crowdfunding for a low emission society; Utslipp av klimagasser fra gjødsellager - En vurdering av åpne lager for bløtgjødsel og biorest og lager med dekke; Deep Litter of Woodchips for Cattle

## **CO-supervisor for PhD students**

- Dr. Anne Kristin Løes, 2003, Studies of the availability of soil phosphorous (P) and potassium (K) in organic farmings systems, and of plant adaptations to low P- and K-availability, Doctor Scientarium Thesis 2003:29, Norwegian University of Life Sciences
- Dr. Espen Govasmark, 2005, Trace element status of soil and organically grown herbage in relation to animal requirements. Doctor Scientarium Thesis 2005:7, Norwegian University of Life Sciences
- Dr. Zhihui Yang, 2006, Sulphur fractions in long-term fertilized soils, elemental sulphur oxidation and inhibitory effect of sulphur compounds on pathogens. Philosophiae Doctor (PhD) Thesis: 2006:10, Norwegian University of Life Sciences
- Dr. Randi B. Frøseth, 2016, Nitrogen dynamics in an organic green manure - cereal rotation and mineralization of clover leaves at low temperature. Philosophiae Doctor (PhD) Thesis: 2016:25, Norwegian University of Life Sciences
- Dr. Matthias Koesling, 2017, Nitrogen and Energy Utilization on Conventional and Organic Dairy Farms in Norway. Dr. agr. University of Kassel.<http://dx.doi.org/urn:nbn:de:hbis:34-2017041052342>

## **Reviewer:**

*Journal papers for:* Agricultural and Food Science –journal; Acta Agriculturae Scandinavica, Section B - Plant Soil Science; Agricultural Water Management; Agronomy Journal; Ambio; Biological Agriculture and Horticulture; Field Crops Research; Sustainability, Biogeochemistry, Agronomy for Sustainable Development *Conferences:* ISOFAR 2008 and 2011, EGF 2008, *Research proposals:* I CROFS, DK 2010

## **Opponent/evaluator for PhD-theses:**

- Rasmus Einarson 2020. Agricultural nutrient budgets in Europe: data, methods, and indicators. Dep. of Space, Earth and Environ.. Div. Physical Resource Theory, Chalmers University Technology, Sweden.
- Betina N. Pedersen 2020. Residual effect of nitrogen in fertilizer applications – Plant uptake, leaching and mineralization. Dep. of Agroecology, Faculty of Technical Sciences, Aarhus University, Denmark
- Ognjen Zurovec 2018. Agriculture, livelihoods and climate change in Bosnia and Herzegovina – Impacts, vulnerability and adaptation. Department of International Environment and Development Studies, Faculty of Landscape and Society. Norwegian University of Life Sciences
- Nawa Raj Dhamala 2017. Nitrogen dynamics in temporary multi-species grasslands. Department of Agroecology, Aarhus University
- Torbjørn Rydberg 1995. Weed harrowing in growing cereals. Significance of time treatment, driving speed, harrowing direction and harrowing depth. Sveriges Lantbruksuniversitet

## **Publications**

### **International refereed journals 32 papers, Papers from 2010-2020 are shown**

## Other contributions on agricultural issues, 1993 -2020:

- articles in Norwegian proceedings or journals; 39
- booklets or articles in popular scientific magazines mainly for farmers and advisers; 28
- articles on agronomic and environmental issues published on agropub.no; 28
- contributions or interviews in newspapers or popular magazines; 24
- talks or lectures for farmers, advisers, students or agricultural authorities 155
- Tools for advisors and farmers to estimate content of clover in grassland, agropub.no
- Leader for NKJ working group on environmentally friendly and organic agricultural production year 1999
