

# **Curriculum vitae - Anne-Kristin Løes**

Norwegian Centre for Organic Agriculture (NORSØK), Gunnars veg 6, N-6630 Tingvoll, Norway.

Cell phone: +47 962 27 372

E-mail: anne-kristin.loes@norsok.no

## **General information:**

Date of birth: January 10th, **1961**

Nationality: Norwegian

Spoken languages: Norwegian, English, German

ORCID number: 0000-0001-7636-0502

[330 records | Organic E-prints](#)

## **Main education:**

M.Sc. in soil sciences at the Agricultural University of Norway, Ås, **1986**.

Doctor Scientiarum in plant nutrition and soil chemistry at the Norwegian University of Life Sciences, NMBU (formerly the Agricultural University of Norway), Ås, **2004**. Title of Dr.Sc. thesis: Studies of the availability of soil phosphorus (P) and potassium (K) in organic farming systems, and of plant adaptations to low P- and K-availability. Doctor Scientiarum Thesis 2003:29, NMBU. ISSN: 0802-3220 ISBN: 82-575-0569-2, 117 p.

## **Current and former employment:**

2016 - : Researcher/senior researcher in Norwegian Centre for Organic Agriculture (NORSØK), Tingvoll.

2006-2015: Researcher and senior researcher in Bioforsk Norwegian Institute of Agricultural and Environmental Research, Organic Food and Farming division.

1988-2005: Researcher in Norwegian Centre for Ecological Agriculture (NORSØK). This Centre was part of Bioforsk during 2006-2015.

1998-2000: Editor of Herba, the Norwegian journal on biodynamic farming (part-time position).

1987-1988: Teacher in mathematics and biology grade 9-11, Waldorf School in Moss, Norway.

1986-1987: Research assistant on the "Høylandet project" on surface water acidification and terrestrial ecosystems, with the main task to describe 75 soil profiles in spruce forests in Norway and W. Germany. Project coordinated by prof. Eilif Dahl, Økoforsk.

## **Completed projects coordinated by AK Løes:**

2023-2024: *Sea-preserved crab shells: test of liming and plant-strengthening effect*. Funded by the Regional Research Fund (**RFF**) of Trøndelag.

2020-2021: *Seaweed fibre for increased soil organic matter*. Funded by RFF Møre og Romsdal.

2019-2020: *Organic potatoes in Mid-Norway – the potential of early cultivars and good agronomy*. Funded by RFF Mid-Norway (RFF Midt) and the county governors in Trøndelag and Møre og Romsdal.

2017-2022: *Marine rest raw materials for fertilizers to organic agriculture*. Funded by Møre og Romsdal county council.

2016-2018: *Quality grains for food – the potential of non-commercialized Norwegian varietal material*. Funded by the Norwegian Agriculture Agency (**NAA**) and the county governors in Oppland and Trøndelag.

2016-17: *Reduced nitrogen emissions from digestate with application of marble*. Funded by RFF Midt.

2012-14: *Documentation of energy production and GHG emissions in a farm level biogas plant digesting animal manure and various types of fish waste (Biogasdok)*. Funded by the Agricultural Agreement Fund (**AAF**).

2011: *Farm-based biogas plants in Mid-Norway, qualification project to reveal knowledge gaps* (Biogasskunnskap). Funded by RFF Midt.

2010-2014: *Effects of anaerobically digested manure on soil fertility - establishment of a long-term study under Norwegian conditions (SoilEffects)*. Funded by the Research Council of Norway (**RCN**) and AAF.

2007-10: *innovative Public Organic food Procurement for Youth (iPOPY)*. Funded by RCN and the CORE Organic I Funding Body Network (ERA-net).

2007-08: *Reasons for opting out of certified organic production in Norway*. Funded by RCN and AAF.

2003-04: *Combined nutrient supply and weed regulation in organic vegetable production by grass mulch*. Funded by NAA.

1993-96: *Agronomy and economy in organic farming – whole farm case studies*. Funded by AAF.

1988-1992: *The "Thirty farm-project"*. Funded by AAF.

### **Completed and ongoing projects where AK Løes is/was a WP leader:**

2025-2029: The role of diversified small-scale horticulture in a transition towards more sustainable food systems with healthier diets (SmallHort). Funder by RCN. Leader of WP4: Safe composting methods for organic waste.

2024-2025: Compost from blue mussel residues. Funded by RFF Trøndelag. Leader of the scientific WPs.

2021-2024: Sustainable utilization of MARine resources to foster GREEN plant production in Europe – MARIGREEN. Blue Bio ERA-net project, funded by RCN and others. Leader of WP 3: Valorization of blue biomass by appropriate treatment technologies.

2019-2023: Farmers and the city: enhancing added value and sustainability through optimized use of urban and peri-urban farm resources. Research project funded by RCN. Leader of WP4: Maintaining soil health in urban areas.

2018-2022: Organic-PLUS: Pathways to phase-out contentious inputs from organic agriculture in Europe. RIA-EU project funded by Horizon 2020, coordinated by Coventry university, UK. Leader of WP5: Soil.

2013-2017: Total utilization of raw materials in the supply chain for food with a bio-economical perspective (Cycle). Research project funded by RCN. Leader of WP3: Bio-processing of waste for feed, fertilizer and energy.

2014-2017: Helhetlig bioøkonomisk utnyttelse av verpehøNE (HØNE) (Holistic bioEconomical utilisatioN of laying hens). Research project funded by RFF Midt. Leader of WP3: Utilization of laying hens as feed and fertilizer.

2013-16: IMproved Phosphorus Resource efficiency in Organic agriculture Via recycling and Enhanced biological mobilization (Improve-P). CORE Organic II ERA-net project funded by RCN and others. Leader of WP4: Stakeholder perceptions about applicability of alternative P fertilizers in organic farming.

### **Ongoing projects where AK Løes participates with no coordinating responsibility:**

2025-2028: Nutrient balance and resource optimisation in regional ecosystems through holistic, sustainable and zero-pollution solution (Greenhood). Horizon Europe project, CL6-2024 Zeropollution 01-1.

2022-2025: Value creation and ecosystem services of European seaweed industry by reducing and handling potentially toxic elements from breeding to soil (SeaSoil). Blue Bio ERA-net project, funded by RCN and others, coordinated by prof. Ingrid Olesen, Nofima.

### **Other relevant experience and positions:**

- Member of the board of ISOFAR, International Society for Organic Farming Research 2008- 2021. Vice president 2011-2017, treasurer 2018-2021.
- Associated editor of the scientific journal Organic Agriculture (Springer) 2014-
- Member of Tingvoll municipality council 2013-2019.
- Norwegian editor of the digital archive Organic E-prints, [www.orgprints.org](http://www.orgprints.org) 2005-2015.

- Leader of planning committee NJF (Nordic Association of Agricultural Science) seminar 461, "Organic farming systems as a driver for change", Bredsten, Denmark August 21-23 2013.
- Member of planning committee NJF seminar 401, "Phosphorus management in Nordic-Baltic agriculture – reconciling productivity and environmental protection", Uppsala, Sweden September 22-23, 2008.
- Leader of planning committee NJF seminar 369, "Organic farming for a new millennium – status and future challenges", Alnarp, Sweden June 15-17, 2005.

**Evaluation of PhD theses, M Sc theses, review and evaluation:**

- Member of assessment committee for Lærke Wester Larsen, PhD; doctoral thesis: "Novel biobased nitrogen fertilizers: Risks of nitrogen losses, agronomic performance & effects on soil quality". Department of Plant and Environmental Sciences, University of Copenhagen, Denmark. March 2024.
- Member of assessment committee for Siri Pugesgaard, PhD; doctoral thesis: "Environmental effects of agricultural production of biomass for energy on arable land". Institute for Agroecology, Faculty of Science and Technology, Aarhus University, Denmark. June 2014.
- Opponent for Tora Råberg, PhD, doctoral thesis: "Strategic nitrogen management in stockless organic cropping systems". Faculty of Landscape Architecture, Horticulture and Crop Production Science, Dep. of Biosystems and Technology, Alnarp. Swedish University of Agricultural Sciences, Acta Universitatis agriculturae Sueciae 2012:2017. ISSN 1652-6880.
- Member of assessment committee for Annbjørg Øverli Kristoffersen, Doctor scientiarum; doctoral thesis: "Availability and utilization of soil and fertilizer phosphorous with focus on starter fertilization in spring cereals", published by the Norwegian Crop Research Institute and NMBU, 2005.
- Local supervisor for PhD student Joshua Cabell, NORSØK
- Lectures and censorship (4 M Sc theses) at NMBU
- Paper review, several journals
- Evaluation of research proposals for ICROFS

**Scientific publications in English since 2016. Papers in peer-reviewed journals in bold:**

**2024:**

Løes AK, Eiter S, Rittl T. Calculating the effect of intensive use of urban organic waste on soil concentrations of potentially toxic elements in a peri-urban agriculture context in Norway. **Environmental Sciences Europe** 36, pp. 1-15.

Cabell J, Eich-Greatorex S, Ion VA, Krogstad T, Matsia S, Perikli M, Salifoglou A, Løes AK. Suitability of Residues from Seaweed and Fish Processing for Composting and as Fertilizer. **Sustainability** 16 (16), pp. 1-23.

Cabell J, Letelier-Gordo CO, Løes AK, Seow HC. Practical studies of lignocellulose filter cake from RAS sludge. NORSØK Report, no. 5, Vol 9. NORSØK, Tingvoll, Norway.

Løes AK, Cabell J, Stensrud AF, Torp T 2024. Testing biostimulant effects of composted marine materials. NORSØK report, no. Volume 9 No. 12. Norwegian Centre for Organic Agriculture (NORSØK), Tingvoll, Norway.

Mot A, Parvulescu OC, Ion VA, Molosag A, Dobrin A, Badulescu L, Orbeci C, Egri D, Dobre T, Løes AK, Cabell J, Salifoglou A, Matsia S, Letelier-Gordo CO, Raducanu C, Mocanu A 2024. Preparation, Characterization, and Testing of Compost Tea Derived from Seaweed and Fish Residues. **Agronomy** 14(9), 1919 doi org/10.3390/agronomy14091919

**2023:**

Økologisk kunnskap om jordhelse. Jordhelsesymposium (webinar) arrangert av Jordforeningen, 6.12.2021. <http://www.jordforeningen.no/?p=354>

Tidligpotet til lagring – en strategi for å redusere tørråte? Landbrukets økologikongress 2020, 22.1. 2020, Hellerud, Oslo

Farm level management of phosphorus: organic farmers need recycled fertilisers. 1st EU/North-African Conference on Organic Agriculture (EU-NACOA) 11-12th November 2019, Marrakech-Morocco. orgprints.org/36867

Långsiktig näringfsörsörjning för ekologisk produktion – hur löser vi den? Invitert foredrag på sesjon om «Lösningar för framtidens hållbara kretslopp» på konferansen «Forskning och utveckling inom ekologisk produktion» 17.-18.10.2017, Linköping, Sverige. Arr. Jordbruksverket. <https://www.slu.se/globalassets/ew/org/centrb/epok/dokument/programfou2017.pdf>

Upcycling food industry co-streams: feed and fertilizer products. NoRest conference (Nordic Research and Innovation Pathways towards a Circular Bioeconomy) Copenhagen 25.-26. October 2016 <http://cycleweb.no/wp-content/uploads/2016/10/NoRest-programme-Copenhagen.pdf>

Soil ecosystem quality improvement in organic farming in Europe. Invited speaker at the 4<sup>th</sup> International Organic Agricultural Forum in China, Chengdu, December 12, 2014. See [www.isofar.org](http://www.isofar.org) Newsletter 20 May 2015.

N supply in stockless organic cereal production under northern temperate conditions. Undersown legumes, or whole-season green manure? 3rd QLIF Congress, Hohenheim, Germany, March 20-23, 2007. orgprints.org/ 10417

Repeated undersowing of clover in organic cereal production. Nutrient dynamics and sustainability. NJF 23rd Congress 2007 - Trends and Perspectives in Agriculture, Copenhagen June 26-29

N-forsyning til økologisk korn – gjentatt bruk av kløver underkultur, eller ettårig grønnjødsling? Plantemøtet Østlandet 2007, Sarpsborg 7.-8. februar 2007

**The guidelines for “Forsker1” in NORSØK call for a complete list of scientific publications.**  
**Scientific publications are not only peer-reviewed papers, but also reports, conference papers, etc.**  
**Due to a breakdown of the NORSØK server about 2 years ago, several former CVs were destroyed.**  
**It has not been possible for me to reconstruct my publishing activity before 2004 (when I achieved my doctoral degree) except for peer-reviewed publications. A search for “Løes” in Organic E-prints on July 21, 2023 includes following publications, dissemination deliverables and projects, partly also from the period before 2004. Some of these have also been referred above.**
